Notes

- (1) Global Note 1 provides that asset and liability amounts represent book values (note exception in FN 3).
- (2) This analysis has not included any amounts for assets or liabilities that have been listed as zero or unknown in the schedules.
- (3) Global Note 13 states that some assets and liabilities were unknown and therefore are not reflected in the schedules.
- (4) Global Note 9 indicates that the balance of the Coltec Grid Notes was zero as of 6/30/10 (see Note 9).
- (5) Global Note 11 states that asbestos claims are disputed, contingent and unliquidated and are therefore deemed to have a zero value in the schedules.
